Dedicated to Helping the Hearing Impaired Since 1964

Royal Palm Hearing Aid Center, is Boca's oldest family-owned Audiology/Hearing aid center. Our team has a combination of unique backgrounds that are all dedicated to helping the hearing impaired for long term solutions and hearing enjoyment. Meet the Team:

- Sondra is not only a Hearing Aid Specialist, but also a qualified geriatric care manager.
- Mel, a Doctor of Audiology and former director of the Albert Einstein Medical Center, is an expert in measuring hearing impairment and trained to recognize when a medical referral is in order as opposed to a hearing aid fitting.
- Bob and Elissa bring a complete understanding of the technical end of the hearing aid fitting. Their skills in programming and servicing state-of-the-art digital hearing instruments is another reason why The Royal Palm Hearing Aid Centers are so successful and are known as:

Royal Palm Team

Sondra Sorkowitz, B.A., Mel Sorkowitz, Au.D. (former director of the Albert Einstein Medical Center), Bob Scheppske, HAS. BC-HIS, Elissa Sorkowitz Lejeune, HAS. BC-HIS,

*Achieved IP68 rating per IEC 60529 standard. The device can be completely submerged with no water seeping inside, and no damage to the instrument during continuous immersion in water up to 3 feet. Also dust will not interfere with the satisfactory operation of the device. Requires appropriate earmold for submersion. Hearing instruments help many people hear better, but no hearing instrument can solve every hearing problem nor restore normal hearing. Copyright © 2014, Siemens Hearing Instruments, Inc.
